The technologies are ready, just the laws are behind

AlphaGo Zero

It is not possible to determine the exact date of the first use of the word "IT" in the English language. The word "IT" is a pronoun that has been used in English for centuries. The first recorded use of the word "IT" in English is found in the 13th century, in the works of Geoffrey Chaucer. Chaucer used the word "IT" to refer to a person or thing that was previously mentioned. The word "IT" has since become a common word in English, and is used in a wide variety of contexts.
